

Dear Parents

Re: 2024 Year PP Booklist

I would like to confirm that \$100 will be charged directly to your account to cover the cost of items your child will need for personal use in their classroom in 2024 and you will no longer be required to complete a Campion book order for stationery items. Instead, the College will source all the items listed below directly from Campion. This will not only result in a cost saving for you but will also be a more efficient, convenient and time-saving situation for families.

Every student will have access to the following:
